

54. GELE SANGBU RINPOCHE 格勒桑布仁波且

*With utmost sincerity, we prostrate to the supreme H.H. Yangwo Wan Ko Yeshe Norbu: Ong Ah Hong four prostrations!*

*Publication of the book subtitled A Collection of H.H. Yangwo Wan Ko Yisinubu's Accomplishments Manifesting Complete Proficiency in Exoteric and Esoteric Buddhism and Perfect Mastery of the Five Vidyas is the result of the maturing of great karmic conditions relating to living beings in this world. All Buddhists understand that the highest accomplishments in the Buddha-dharma are attaining complete proficiency in exoteric and esoteric Buddhism; receiving the dharma from Buddhas and saving living beings based on such teachings; attaining great, perfect, and holy wisdom; attaining the rainbow body and full realization of the Three Bodies and Four Wisdoms of the Buddhas; attaining the ageless longevity of heaven; and displaying perfect mastery of the Five Vidyas, thereby manifesting the great dharma of supreme enlightenment. However, in the history of Buddhism to the present day, no other book in this world of ours has expressed mastery of the Five Vidyas to such a complete and high degree. H.H. Great Dharma King's A Treasury of True Buddha-Dharma is the first book embodying such mastery to the highest degree! This is not only the first publication of a book on accomplishments manifesting complete proficiency in exoteric and esoteric Buddhism and perfect mastery of the Five Vidyas, it is also the first time in our world that a holy and virtuous being within Buddhism has manifested such accomplishments in the thirty main categories that are contained in this book. H.H. Great Dharma King thoroughly understands the true causes and effects concerning all things in the universe. His Holiness is the first great holy being in the history of Buddhism to truly manifest in the human realm complete proficiency in exoteric and esoteric Buddhism and perfect mastery of the Five Vidyas!*

*We sincerely thank H.H. Great Dharma King for His Holiness's blessings!*

*Gele Sangbu Rinpoche*
